INDEX TO VOLUME LVI 1988

SUBJECTS

Abutter approach
172–78

Agriculture
appraisal of livestock ranches, 367–74
effects of 1970s farmland market, 17–27

Appraisal (*see also* valuation)
breakdown method, 502–507
common body of knowledge, 435–50
curable functional obsolescence, 361–66
economic obsolescence, 451–65
scope of market analysis, 466–76
variation in corporate-relocation appraisals, 522–30

Appraisers
advice to candidates, 252–58
liability insurance, 536–47
as arbitrators, 110–17
as expert witnesses, 80–88
certification and licensure, 548–55
in tax court, 375–80
interviewing techniques, 531–35
malpractice, 399–405
use of computers, 179–89

Arbitrator
appraiser as, 110–17

Armstrong Award, Robert H.
John Robert White, 1987 recipient, 4–5

Center City Breakdown
502–7

Computers
appraisers use of, 179–89
computer-aided graphics, 456–65
electronic spreadsheet, 147–57

Contaminated properties
valuation of, 7–16

Corporate-relocation appraisals
appraisal variation in, 522–30

Cost approach
appraisal of industrial properties, 70–79

Curable functional obsolescence
361–66

Discounted cash flow analysis
comparative lease analysis, 391–98
current use of, 259–62

Easements
valuation of facade easements, 60–69

Economic obsolescence
in supply-saturated office markets, 451–55

Economic versus actual rent
126–28

Eminent domain
mediating awards, 381–90

Environmental issues
valuation of contaminated properties, 7–16

Expert witness
appraiser as, 80–88

Global money market fluctuations
effect on real property values, 556–63

Gross income multiplier
expanded use of, 158–62

Highest and best use
versus most probable use, 190–99

Historic districting
impact on property values, 223–32

Home mortgages
interest rate differential, 243–51
refinancing, 243–51

Hotels
management contract firms, 482–91
valuation of, 163–71

Industrial properties
appraisal using the cost approach, 70–79

Interest rate differential
in home mortgages, 243–51

Interviewing techniques
for appraisers, 531–35

Investment
effect of 1986 tax reform on low-income housing investments, 28–38

Land valuation
in a dormant market, 200–204
oil and gas mineral rights, 205–16

Leasing space
to federal government, 406–7

Lenders
electronic spreadsheet and yields, 147–57
underwriting guidelines, 320–27

Liability insurance
appraiser malpractice, 399–405
tort reform, 536–47

Livestock ranches
appraising in a declining market, 367–74

Low-income housing investments
effects of, on Tax Reform Act of 1986, 28–38

Malpractice
sources of liability and damages, 399–405
tort reform, 536–47

Liability insurance
appraiser malpractice, 399–405
tort reform, 536–47

Livestock ranches
appraising in a declining market, 367–74

Low-income housing investments
effects of, on Tax Reform Act of 1986, 28–38

Malpractice
sources of liability and damages, 399–405
tort reform, 536–47

Manuscript competition
Martin J. Healy, Jr., 1987
recipient, 290–91
article, 293–98

Market analysis
better performance of, 344–50
scope of in appraisal assignments, 466–76

Market research
to improve estimates of potential gross income for multifamily properties, 118–25

Most probable use
versus highest and best use, 190–99

Multifamily properties
improving estimates of potential gross income, 118–25

Multiplex movie theater
appraisal of, 508–21

Multiple regression analysis
and mass assessment, 89–109

Obsolescence
curable functional, 361–66
economic, 451–55

Oetzel, Terrell R.
President, 1987, American Institute of Real Estate Appraisers, 2–3

Office buildings
measuring, 39–44

Office markets
in the Oil Patch, 299–310
supply-saturated and economic obsolescence, 451–55

Oil and gas mineral rights
in land appraisal, 205–16

Partial interests
valuation of, 293–98

Potential gross income
improving estimates of, for multifamily properties, 118–25

Professional designation
becoming an effective appraiser, 252–58
impact on appraisal variation in corporate-relocation appraisals, 522–30

Professionalism
education for, 435–50
professional designation and corporate-relocation appraisals, 522–30

Profit-residual model
in subdivision analysis, 45–59

Real estate
international dimensions, 492–501

Real property values
effect of changing dollar on, 267–74
increased sensitivity to global money market fluctuations, 556–63

Refinancing
home mortgages, 243–51

Residential appraisal
effects of violent crimes on, 341–43

Rezoning
valuing probability of, 217–22

Ridge regression
in real estate analysis, 311–19

Salt domes
valuation of, 351–60

Shopping centers
classification by visibility index, 233–42

Statistical methods
multiple regression analysis, 89–109
ridge regression, 311–19

Subdivision analysis
a profit residual model, 45–59

Tax court
real estate appraiser in, 375–80

Tax Reform Act of 1986
effects on low-income housing investments, 28–38

Taxes
post-proposition 13 California, 263–66

Theater property
appraisal of, 328–40

Tort reform
and real estate professionals, 536–47

Underwriting guidelines
for appraisers, 320–27

Valuation
community property, 477–81
contaminated properties, 7–16
facade easements, 60–69
hotels, 163–71
industrial properties, 70–79
land, 200–204, 205–16
livestock ranches, 367–74
multiplex movie theaters, 508–21
partial interests, 293–98
probability of rezoning, 217–22
residential property affected by violent crimes, 341–43
salt domes, 351–60
theater property, 328–40
variation in corporate-relocation appraisals, 522–30

Value
effect of changing dollar on real property values, 267–74
effect of global money market fluctuations on, 556–63
effect of historic districting on, 223–32
effect of hotel management contract terms on, 482–91
effect of violent crimes on, 341–43

Visibility index
for classification of shopping centers, 233–42

Zoning
valuing probability of rezoning, 217–22
